### Introductory note

**This introductory note does not form a part of the notice.**

The following notice gives notice of the variation of environmental permits A and B referred to in the status logs below and the replacement of those permits with a consolidated environmental permit.

The two permits SP3490CA (EAWML 43455) and VP3090CZ (EAWML 43647) and former operations exempt from the Environmental Permitting (England and Wales) Regulations under Schedule 3 Paragraph's 11, 13, 19 and 24. are to be consolidated into one permit. This also includes extending the area of the site to include the previous exempt areas.

The Schedules specify the changes made to the original permits.

Schedule 1 of this notice lists any changes to the original permits. Schedule 2 of this notice contains the varied and consolidated environmental permit, including any site plan.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
