Dear Mr Duly

I am delighted to supply your company with a testimonial. I have been dealing with yourself and Wastecycle for over 12 months with an annual spend in excess £100,000 and have never regretted using your company. The feed back from my co-ordination staff at Sheffield is 100% satisfaction with the quality and reliability of your skip services. My clients also appreciate the high recycle rates from your facilities as it greatly aids their own percentage recycling rates.
